

MT. STERLING ADVOCATE.

"FIRST TO LAST—THE TRUTH: NEWS—EDITORIALS—ADVERTISEMENTS"

VOLUME XXVII.

MT. STERLING, KENTUCKY, TUESDAY, JULY 3, 1917.

NUMBER 1

ALUMNI ASSOCIATION AT COUNTY HIGH SCHOOL

Last Thursday, June 28th, Prof. M. J. Goodwin, the well known principal of the County High School, was instrumental in organizing an alumni association among the three graduate classes of that institution, the classes of '15, '16 and '17. Twenty-three students have thus far received diplomas, five the first year, six the second year, and twelve this last session.

Nearly all members of these classes met with Prof. and Mrs. Goodwin last Thursday at the high school building on Holt avenue and had a delightful time. At noon a delicious luncheon was served in the domestic science department, after which the association was formed.

Prof. Goodwin made a short address on the significance of the occasion and acted as temporary chairman during the election of officers. Miss Nettie Richardson, '15, was chosen president; Mr. Leonard Payne, '17, vice president; Mr. Breckinridge D. Horton, '16, secretary-treasurer for the coming year. After the election of officers committees were appointed and a few business matters attended to. The meeting closed with speeches from representatives from each class.

The graduates who were present are: Mr. Lonnie Barnard, '15, Mrs. Lonnie Barnard, '16, and Mrs. Davis Turley, '16, Mr. Willard McGuire, '16, Misses Mary Lee Hoskins and Bernice Holly, '17. Those who were present are: Misses Mary Coons, Ida See, Leona Johnson, and Nettie Richardson, '15; Miss Julia Wyatt and Messrs. Frank Robbins and Breckinridge D. Horton, '16; Misses Naney Johnson, Carrie Cecil, Neville Martin, Nettie Chase, Mary Williams, Mattie Baker, and Messrs. Henry Barnes, Gerald Cecil, Leonard Payne, Milton McClure, '17. The members of the class of '18 who were present as guests are: Misses Della Clarke, Willie Foley, and Nellie Hollearn; Messrs. Donald Quisenberry, Cecil Clarke, and Orville Alfrey.

BIG LAND DEAL CLOSED

Mr. R. G. Kern, executor of Mary E. Bigstaff, on Monday paid Messrs. T. J. Bigstaff, Mrs. Fenton B. Hill, and Mrs. L. B. Ragan for the 824 acres purchased of them last winter at \$150.00 per acre and took deed for same to the devisees under the will of Mary E. Bigstaff. The title to this land was passed on by the Kentucky Court of Appeals about two weeks ago. This is the biggest land deal consummated in this community for many, many years.

Best steaks and roasts at Vanarsdell's.

CHAUTAUQUA "MAKING HIT"

Local Redpath Chautauqua Being Attended By Good Crowds—Program is Being Much Enjoyed.

The Redpath Chautauqua opened its program in this city Saturday afternoon to a fair sized opening day crowd, with a delightful concert by The Bohemian Orchestra. On Saturday night the same orchestra occupied part of the program, after which a most enjoyable lecture was delivered by Dr. Martin D. Havdin, of Chicago, on "America and the World of Tomorrow."

The Redpath give no Sunday program but on that evening the first union religious service of the city was held in the tent and a most scholarly and instructive address was delivered by Dr. Wm. A. Ganfield, President of Centre College, Danville.

Monday morning the "Children's Hour" was held in the tent under the charge of a most capable and interesting young lady instructor. This hour will be observed each morning during the Chautauqua beginning at 10:45 o'clock.

In the afternoon the audience was charmed by Beulah Buck Ladies' Quartette. The same quartette gave a most interesting and enjoyable concert last evening, following which the audience was completely carried away with Harry L. Fogleman, of New York City, with his lecture, "An Analysis of Success and Failure." Mr. Fogleman is undoubtedly one of the first orators and thinkers of the land, and made a lasting impression upon his audience. This afternoon a splendid lecture entitled "Moonshine," by B. F. McDonald, was much enjoyed.

Each afternoon program begins at 3 o'clock and the evening performance at 8 o'clock. The balance of the program follows:

Tonight—Concert by the Oratorio Artists.

Wednesday afternoon—Concert—The Sala Trio; Indian Legends and Dances—Princess Watahwaso; Lecture—"The Passion Play"—Fraucln Marie Mayer, of Oberammergau.

Wednesday night—Concert by Antonio Sala, Spanish Cellist, and assisting artists; Indian Songs and Legends—the Indian Princess Watahwaso.

Thursday afternoon—Choral and Orchestral Program—Gilbert and Sullivan Opera Co.

Thursday night—"The Mikado"—Gilbert and Sullivan Light Opera Co.

Friday afternoon—Lecture—"How to Meet the High Cost of Living"—

Geo. L. McNutt, of New York City. Friday night—Mother Goose Festival—By local children in charge of Children's Worker; Lecture—By Lient. Robt. Bowman on the European war.

Saturday afternoon—Creator's Band.

Saturday night—Grand Concert by Creator's Band, led by the great Creator himself.

This is a great program and we urge, for your own good, do not miss a single performance if you can help it. You will be the gainer by attending regular.

MEETING AT CAMARGO

The Community Club will meet at the auditorium of the consolidated school building at Camargo Friday, July 6th, at 7:30 p. m. "The Importance and Practical Care of Orchards" will be discussed by a successful orchardist of the county. Also practical dairying or "The Way to Make the Old Cow Pay for Her Feed" will be discussed by one of the graduates from the Agricultural Department of the University of Kentucky. Questions along these and other practical farm or household lines will be in order. The public is cordially invited to attend.

MOVE TO FARM

Mr. and Mrs. John F. Richardson and family have moved to their farm on the Spencer pike. Mrs. Richardson has not been in good health for several months and it is hoped the change will prove beneficial. Mr. A. C. Richardson will move to the jail property to reside until the expiration of his father's term as Jailer, January 1, 1918, and Mr. Richardson will retain a room and continue his duties until the expiration of his term. The many friends of Mrs. Richardson throughout the county wish a speedy recovery for this most excellent woman.

TAKING NEW SYSTEM

Miss Sophia Randall, Miss Minnie Sue Graves and Miss Lida Goodpaster, of this city, are taking the new system of music teaching known as the Ideal System of Music from the originator of the system, Miss Armstrong, of New York City, who is spending the summer at Lexington. It is claimed that the beginners make more progress under this system than any other yet used by the music teachers and we are glad that these ladies are enterprising enough to want to give their pupils the best.

THE TABB INSTALLS ORCHESTRA

The Tabb Theatre informs us that they have secured for all next week a four-piece orchestra to furnish music at this playhouse. They also inform us that they will keep this orchestra permanently if the people of Mt. Sterling justify their doing so by their patronage. If you wish to hear good music be sure and go to The Tabb on next Monday and keep it up so that we may have just as good music as you will hear in any city in Kentucky.

FEW ILLITERATES HERE

A careful study of the number of men who registered in this county a short time ago shows that 94 men cannot read and write. An effort will be made by the Illiteracy Commission to teach these men by the moonlight method, so that when duty calls them to the colors they will not be lacking in any way.

WILL ENTERTAIN TEACHERS

The Country Woman's Club will entertain with a reception Wednesday morning from 9 until 10 a. m., in honor of the teachers of the county who are holding their annual institute this week. The reception will be given at the Rest Rooms.

COL. MOTT AYERS DIES SUDDENLY

Married Miss Mary Miller Coleman, of this City and Was Well Known Here.

Friends in this city and throughout Kentucky will be shocked to learn of the death of Col. Mott Ayers, which occurred at his home in Laurel, Miss., this morning after a brief illness. A number of years ago, Col. Ayers was married to Miss Mary Miller Coleman, eldest daughter of Mr. and Mrs. Geo. E. Coleman, of this city. Besides his wife he is survived by two daughters, one by a former marriage.

Col. Ayers was editor of a daily paper at Laurel, where he had resided for several years and was rapidly gaining recognition as one of Mississippi's leading citizens, having recently been appointed a member of the Governor's staff. Before going to Mississippi Col. Ayers was editor of the Fulton Daily Lender at Fulton, Ky., and was considered a very brainy and capable man and was recognized as such by countless friends. He was well and favorably known in Mt. Sterling, where he had frequently visited, and the news of his death will be a decided shock and the cause of much grief among his acquaintances here. His body will be taken to Fulton tomorrow, where the burial will take place.

RACE RIOT IN ST LOUIS

At least fifteen negroes were shot and killed in East St. Louis Monday night as they fled from their burning homes, which had been set on fire by white mobs. The number who perished in the burning houses is unknown. Estimates of the number of negroes who perished run as high as 100. The State's Attorney estimated last night that the dead negroes would number 250. Military rule was proclaimed at 8 o'clock last night. Negro quarters in various parts of the city are on fire and the business district is threatened.

3M MOVE INTO NEW HOME

Mr. and Mrs. Ben G. Land last week moved into their handsome new home on Sycamore street. Mr. and Mrs. Lonnie Barnard have moved to the property vacated by Mr. and Mrs. Land.

C. & O. CHANGES SCHEDULE

The following changes in the local C. & O. train schedules became effective July 1st, and the traveling public will govern themselves accordingly: West bound train No. 25, now due at 7:01 a. m., will arrive at 7:07 a. m.; west bound trains No. 27, due at 11:37 a. m. and No. 23, due at 4:15 p. m., will not change time. East bound train No. 26, now arriving at 8:01 a. m., will arrive hereafter at 9:10 a. m. Other east bound trains due at 12:44, 7:15 and 9:49 p. m., will not change.

LEAD TICKET SELLERS

The Red Cross Society had charge of the sale of the Chautauqua tickets this season and among those who deserve special mention for the great number of tickets they sold are Miss Georgie Pangburn, Miss Bessie Lane, Miss Annie Caswell Prewitt and Mrs. Mary W. Lockridge.

BOYS JOIN NAVY

Mr. Willard McGuire, of this city, son of Mr. and Mrs. J. M. McGuire, Messrs. Albert and Charlie Hilton, sons of Mr. Lewis Hilton, of the county, have taken the examination and are awaiting orders where to report for duty in the navy of the United States.

Green papers at Vanarsdell's.

RECRUITING PARTY HERE

Monday afternoon this city was visited by about 36 members of the Second and Third Kentucky Regiments who came to this city in Ford army trucks on recruiting duty. At 1:30 o'clock a meeting was held in the Court House and a fair-sized crowd was present. The soldiers were accompanied by the Second Kentucky band which played a number of patriotic airs. The meeting was opened by Dr. W. R. Thompson, who made a splendid talk and advised every young man to offer his services to his government as he had done, and pleaded with the young manhood of Montgomery county to volunteer and not wait to be drafted. After Dr. Thompson's brief remarks and a selection by the band, Mayor C. K. Oldham tendered his services to the government in any way he might be needed, and introduced Major Denhart, of the Third Kentucky, whose home is at Bowling Green. Major Denhart delivered the principle talk of the afternoon and urged all true blooded Kentuckians to join the colors at once and not wait to be conscripted. He stated that Kentucky was next to the last State in the Union in the number of recruits furnished for the war and that the only State Kentucky surpassed was Ohio, which has a 60 per cent. foreign population. He further stated that Breckinridge county was once considered a disgrace to Kentucky, but within the past year that county alone had furnished 1,300 volunteers and he felt that every red blooded Kentuckian should feel proud that Breckinridge county is located on Kentucky soil. He further stated that if there ever was a time in the history of the Nation when these proud United States needed men to defend its honor, protect its women and children, and insure freedom and liberty to the world it is now. In conclusion he said, "Who would ever have thought that Kentuckians would have to be begged to join the colors and help defend our nation's honor? But yet, that is my mission here today." After Major Denhart's remarks a demonstration of the Lewis machine gun was given and then recruits were called for, but so far as we could learn none responded. About 3 o'clock the company proceeded on its way to Owingsville, Sharpsburg, Maysville and other points.

BUYS DODGE

Mr. R. L. Coleman, Special Agent for the Pacific Mutual Insurance Co., has purchased a handsome Dodge touring car of McKee & Robertson, local agents.

PASSED AWAY AT COVINGTON

Mrs. Margaret McNamara, Formerly of this City, Dies at Her Home in Covington.

Friends and relatives here were grieved to learn that Mrs. Margaret McNamara had died Sunday at her home in Covington from an acute attack of kidney trouble. Mrs. McNamara was a daughter of the late John Corbett and was born and reared in this city but has been making her home in Covington for a number of years. Of a bright, sunny, happy disposition during her girlhood here she was one of the most popular of Mt. Sterling's daughters and many old friends will learn with regret of her death.

Decensed is survived by one daughter, Mrs. Clarence Wetherall, of Detroit, Mich., and one son, Daniel McNamara, of Denver, Colo., and many other relatives.

The funeral services were conducted at St. Mary's Cathedral this morning at nine o'clock with burial in Covington cemetery.

The Advocate tenders sincere sympathy to the bereaved family.

Ladies' Pumps.

Special Sale, \$2.45, Thursday, Friday and Saturday only, of this week. See window.

Punch, Graves & Co.

JOHN T. OVERLY DIES

Mr. John T. Overly, aged 75 years, died at his home on the Levee pike, near this city, Sunday, July 1, death being caused by cancer of the stomach. He is survived by a wife and several children. His body was taken to Springfield church, in Bath county, today and his body laid to rest in the burying ground at that place. Mr. Overly was a well known farmer and had many friends and relatives who deeply regret his death.

ACCEPTS LOAN AGENCY

Mr. Richard A. Chiles has accepted the local agency of the National Surety Company, of New York. The appointment permits Mr. Chiles with the authority of U. S. Government ratings to write single bonds up to \$527,000.00, this being the largest which can be executed by any one company in the United States.

Calf Wanted.

I would buy a good steer calf about 5 months old.

W. Hord Tipton.

The Advocate for printing.

Winchester, Ky.	4,963,730	
Total	265,432,825	

DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or kidney and bladder disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Mt. Sterling case.

Mrs. J. C. McDonald, 115 Queen St., Mt. Sterling, says: "I suffered with my back and had no energy to do my work, especially mornings. I had such severe dizzy spells that I almost fell. My kidneys were not acting right at all and I had frequent headaches and nervous spells. Doan's Kidney Pills, procured from Land & Priest's drug store strengthened my back and relieved the dizzy headaches and other symptoms of kidney trouble."

50c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 1-3t

If the government don't seize the summer's crops the thieving speculators will. Time to act, gentlemen!

The Advocate for printing

MERCHANT'S WIFE ADVISES MT. STERLING WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else soured and formed gas. Dieting did no good. I was miserable until I tried buckthorn bark, glycerine, etc., as mixed in Adler-Lika. ONE SPOONFUL benefited me INSTANTLY." Because Adler-Lika empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. W. S. Lloyd, Druggist.

"JUST AN ENTHUSIAST"

One often hears the expression, when referring to another who has waxed eloquent on some subject near to his heart: "Oh, he is just an enthusiast; you must not take him too seriously."

Yes, just an enthusiast, but what a wonderful thing is enthusiasm! Dead men have it not. It is the exclusive possession of LIVE men—of men of power, of dynamic force.

It is hard to imagine what this life would be without enthusiasm. Perhaps the warden of Sing Sing prison would have a clearer perception than most people of a world devoid of enthusiasm.

The quality we call enthusiasm has done much for the world. Columbus had it, and he discovered a continent. Fulton had it, and we have the steam engine. The Wright Brothers had it, and as a result the currents of the upper ether are almost as well known as those of the deep. Marconi had it, and the wireless has eliminated the element of distance on this earth. And what shall we say of Edison, the greatest enthusiast of them all? What would be our condition today even without his inventions?

You call it genius. But who ever knew a genius who was not an enthusiast on his hobby? What is a genius, anyway, without enthusiasm? A mere visionary!

Be an enthusiast in your daily business, in municipal, state and national affairs. Be an enthusiast in everything you undertake, in everything you advocate. And above all, be an enthusiast in upholding the government in its prosecution of this war, and in the end we will reap the reward of the successful enthusiast.

Enthusiasm is not a gift. It can be acquired by any normal person. It does not fake the place of will power, but is the legitimate child of the will. Given the desire to succeed, enthusiasm can be cultivated, and when once acquired its power is limitless.

Enthusiasm is not the exclusive dower of youth. Some of the brightest minds the world has ever known has carried it down to the Valley of the Shadows.

Neither is it the peculiar heritage of genius, for many of the world's greatest benefactors have been people of mediocre gifts, but obsessed with a burning enthusiasm for accomplishment.

Therein lies its greatest lesson. All may possess it, and with its magic power no life need be a failure.

The strenuous days through which we are passing call for unbridled enthusiasm.

Be an enthusiast! Only the derelicts and failures will sneer.

HOW UNCLE SAM

GOT HIS NAME

Immediately after the declaration of war with England in 1812 Elbert Anderson, of New York, then a contractor, visited Troy, where he purchased a large quantity of provisions. The inspectors of the articles at that place were Ebenezer and Samuel Wilson. The latter (universally known as "Uncle Sam") generally superintended in person a large number of workmen, who on this occasion were employed in overhauling the provisions purchased by the contractor. The casks were marked "E. A.—U. S." Their inspection fell to the lot of a facetious fellow who, on being asked the meaning of the mark, said he did not know, unless it meant "Elbert Anderson and Uncle Sam," alluding to "Uncle Sam" Wilson. The joke took among the workmen and passed currently, "Uncle Sam" eventually being generally adopted as a nickname for the United States Government.

Hail Insurance.

We are prepared to write hail insurance on your growing tobacco crop. Why take the risk yourself when the cost is small? Do not delay, but act today.

"The Five Tires"

Lower Tire Cost Than Ever—NOW

For, in the old days, tires not only cost motorists more per tire, but were also so far inferior to the present product, that the final cost—the cost per mile—was from 50 to 100 or more per cent. higher than you pay now.

United States Tires—the 'Royal Cord', the 'Nobby', the 'Chain', the 'Usco' and the 'Plain'.

- one for every need of price and use,
- produced by the largest rubber manufacturer in the world,
- produced by the most experienced tire manufacturer in the world,
- produced by a time-tried, exclusive, patented, vulcanizing process,
- produced of only the most carefully selected materials,
- have so far eclipsed every other make of tire that
- United States Tires are famous for their mileage-giving qualities—their low cost per mile.

The proof?—the consistent and persistent tremendous sales increases of United States Tires.

United States Tires Are Good Tires

A Tire for Every Need of Price and Use
'Royal Cord' 'Nobby' 'Chain' 'Usco' 'Plain'

United States TUBES and TIRE ACCESSORIES Have All the Sterling Worth and War that Make United States Tires Supreme

A Complete Stock of United States Tires Carried by Pinney-Griggs Co.

MISS AGNES DIETZ WEDS

The following clipping from a Shelby, N. C., paper will be of considerable interest here, where the bride formerly lived, when her father had charge of the construction of the local Postoffice building:

"On last Saturday afternoon at 6 o'clock a quiet but pretty ceremony took place at the Shelby Hotel when Miss Agnes Dietz and Mr. B. V. Buchanan were united in marriage, in the presence of a few special friends of the bride, who has been making her home here for a number of months.

The parlor in which the ceremony was performed was artistically decorated. The vows were spoken before an improvised altar, the background of white with standards holding baskets of exquisite roses and sweetpeas, the ceremony being performed by Rev. Mr. L. McB. White, pastor of the First Baptist church. The bride and groom entered together, the bride looking very handsome in her traveling costume of tan cloth and accessories to match. Her flowers were Bride's roses and ferns.

Immediately following the ceremony the wedding guests repaired to the dining room, where a sumptuous wedding supper was enjoyed. The large dining table was arranged with a profusion of pink roses, a large crystal basket of these pink blossoms forming a centerpiece with smaller baskets at each end of the table. The soft glow of numerous pink lighted candles added to the beauty of the scene. Plates were laid for thirty guests and toasts were drunk to the health and happiness of the bride and groom. Mr. and Mrs. Buchanan left that evening for their home in Atlanta, Ga."

"SENATORIAL DIGNITY"

Washington dispatches advise us that a certain United States Senator offered a bribe of \$5,000 if his son were exempted from the draft. The party to whom the offer was made promptly communicated the fact to the Attorney General of the United States.

We are watching for the next act in the drama of "senatorial dignity." Will it come?

About the slowest thing in connection with our war plans is everything that concerns them. Speed up!

POSTERITY SHOULD PAY

The burdens of this war should not be saddled entirely upon the people of this generation. Posterity, glorying in its results, should pay its share of the expense.

To levy abnormal taxes upon all commodities will be but to put a financial and physical strain upon the people which they can ill afford to bear, for when the necessities of life are taxed it is the consumer who pays the bill.

The common people—and by that term we mean the great mass of the people who EARN their living from day to day—are already staggering under burdens that are far too heavy for many of them. The complacency of Congress in the face of highway robbery by the food barons is forcing them almost to the point of desperation. The stomach demands food, and often the pocketbook is not able to supply it in sufficient quantities. The food barons are hogging the substance and the people are paying for the husks.

Too much of our war revenue should not be raised by immediate taxation. Posterity should pay its share in interest and principal on long time bonds.

The people have loyally submitted to the necessity for economy, and are virtually living on a war schedule. Luxuries have been eliminated and expenditures have been limited to bare necessities. The addition of a heavy tax to this would be the utmost folly.

If Congress would become as patriotic as it expects of the people, then let it enact laws that will guarantee the farmer and the producer a fair price for his products, and the consumer that he will not be required to pay more than a fair margin of profit over the cost of production—by the utter elimination of all speculators and other grasping hogs.

And let posterity pay part of the bill.

Green papers at Vanarsdell's.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

CANNING AND PRESERVING DENOTES EFFICIENCY

By Lily Haxworth Wallace

National President Associated Clubs
of Domestic Science

Housewives of America:

Don't work "hit or miss" and say you can't afford to fill the store closet with fruits and vegetables for winter consumption, this year because of the cost and the need for practicing economy, but put your housekeeping on an efficiency basis. "Count the cost" of your canning and preserving, and see how little this really is. Fruits are plentiful and reasonable in price—usually no higher than for several years past—while as regards the sugar cost, this has increased less proportionately than most other foods in everyday use.

The following table has been carefully worked out and shows the sugar cost of finished quart jar of each of nine different fruits at present sugar prices, which gives an average cost of 4½ cents for sugar for a quart jar of fruit. These figures are based on standard formulas as to the density of syrup needed to preserve the natural flavor of each variety of fruit:

Peaches—5 ounces; cost 2½ cents.
Raspberries—8.6 ounces sugar; cost, 42-3 cents.
Blackberries—8.5 ounces sugar; cost, 42-3 cents.
Strawberries—7.3 ounces sugar; cost, 4 cents.
Cherries—14 ounces sugar; cost 72-3 cents.
Plums—5 ounces sugar; cost, 23-4 cents.
Pears—5.6 ounces sugar; cost, 3 cents.
Grapes—10.7 ounces sugar; cost, 54-5 cents.
Currants—10.4 ounces sugar; cost, 52-3 cents.
Average—8.3 ounces sugar; cost, 4½ cents.

These figures should dismiss the erroneous idea that the cost of canning is prohibitive and every housewife should make it her duty to can every bit of fruit she can secure.

Notice.

All persons having claims against Geo. W. McCormick, decd., will present same properly proven to the undersigned and all persons indebted to him will come forward and settle. J. T. McCormick, 51-3t Executor.

DR. COX EXAMINED FOR MEDICAL CORPS

Dr. G. N. Cox, one of Montgomery county's best known practicing physicians, went to Louisville recently, where he was examined for admittance to the Medical Corps which is being organized in connection with the recruiting of the army to war strength. Dr. Cox made his application several days ago and was ordered to Louisville to take the examination. He will be notified in a few days if accepted. Dr. Cox already has two sons in the army and another in the West who has advised him of his intention of joining the colors at once. And another son who is under age has applied for admittance to the signal corps.

Will Do Surveying

I am prepared to do surveying and offer my services to the citizens of Montgomery and adjoining counties. My charges are reasonable. Call at my residence on East High street, Mt. Sterling, Ky. (458t) H. C. Gillaspie.

It's no disgrace to stub your toe. The disgrace lies in not getting up and making a fresh start.

The Advocate for printing.

Commissioner's Sale

MONTGOMERY CIRCUIT COURT

Anna McF. Walsh, et al. ...Plffs.
Vs. Notice of Sale in Equity.
John J. Walsh, et al.Def'ts.

By virtue of a judgment and order of sale of the Montgomery Circuit Court, rendered at the May Term, 1917, thereof, in the above cause, the undersigned will on the 16th Day of July, 1917

LOT NO. 1

A certain store house and lot situated on the northeast corner of Main and Maysville streets in Mt. Sterling, Ky., and bounded by beginning at the southwest corner of the foundation of said house; thence northeastwardly with Main street 71 ft. 7 in. to the southeast corner of the foundation of said building; thence running with the east wall of said house 24 ft. 6 in. to J. M. Isola's southeast corner; thence with Isola's south line southwestwardly 31 ft. to a point corner with same; thence southeastwardly 3 ft. with Isola's line to a point corner with same; thence running with Isola's south line about 40 ft. 9 in. to Maysville street; thence southeastwardly binding on Maysville street 21 ft. 4½ in. to the beginning. Also to include with said building the joint interest of parties in the wall between the property of J. M. Isola and the above lot, the rights to which are described in written contract found in Miscellaneous Book 2, page 318, dated May 22, 1901, Montgomery County Court Clerk's office. There is also included with this property the fixtures contained in the building hereinabove described, consisting of the heating apparatus, a wall mirror on the stairway and the sections of wall shelving, one along the south wall of the store room, one along the east wall of second floor and one along the north wall of second floor.

LOT NO. 2

That certain lot of land situated on the south side of east High street in Mt. Sterling, Ky., and bounded as follows:

Beginning at a point at the northeast corner of L. D. Wilson lot (now Jno. W. Burton), at the figure 1 on plat recorded in deed book 59 page 312 on High street; thence S. 15½ E. 190 feet to a stake at the figure 2 in the line of the old Crawford property; thence N. 73½ E. 33 ft 4 in. to a stake at 3, corner made at time of conveyance by Burton and wife to R. P. & J. J. Walsh; thence N. 15½ W. 190 ft. to stake at High street at the figure 4, corner made for said parties; thence with High street S. 73½ W. 30 ft. 4 in. to the beginning.

The purchaser will be required to give bond, with approved security, for the payment of the purchase money, to have the force and effect of a replevin bond, bearing legal interest from the day of sale, according to law.

Bidders will be prepared to comply with these terms. A lien will be retained on the property sold till all the purchase money is paid.

Bond payable to the undersigned. The purchaser of first above named property will be entitled to possession of same ten days after the confirmation of the sale by the court.

WM. A. SAMUELS,

523t Muster Commissioner M. C. C.

G. W. McCORMICK WILL

The will of the late G. W. McCormick, who died recently, has been probated in the County Court. The will is dated May 15, 1917. Under the will the testator devises that his debts and funeral expenses be paid, and that one-half interest in the residence, owned jointly by himself and wife, is bequeathed to his wife for life, then to go to her children. The widow is also her dower interest in all lands owned by deceased when sold or the interest in the proceeds, and the balance of the property is bequeathed to his children equally. Mr. McCormick owned valuable property in several states and territories and it is very valuable, amounting to many thousands of dollars. J. T. McCormick, a son, is the Executor of the estate.

Don't grieve because you let a good thing slip by when you failed to buy Liberty Bonds. Another opportunity will be along soon.

ANNOUNCEMENTS

We are authorized to announce the following persons as Democratic candidates at the State Primary, Saturday, August 4, 1917:

FOR COUNCILMAN (FOURTH WARD)
J. W. Wilkerson

MR. J. W. WILKERSON

Mr. J. W. (Butch) Wilkerson desires to be Councilman from the Fourth Ward and will therefore be a candidate for the Democratic nomination on August 4th.

Mr. Wilkerson is well known to our readers, having long taken an active interest in local politics.

He says he has several innovations in city governmental affairs he thinks will be beneficial to the city. He believes the people ought to know what a man stands for who asks their support and therefore requests that we say that if elected, he will favor an equal distribution among our merchants of all city patronage; a more rigid enforcement of contracts, with full payment of all penalties for their non-fulfillment; greater care in the expenditure of public funds and in all things a square deal to everybody.

Democrats of the Fourth Ward, give Mr. Wilkerson's claims your consideration.

As an initial step in carrying out its purpose "to do something immediately to relieve afflicted Russia," a special Red Cross commission has been dispatched to Russia carrying medical supplies and surgical instruments with which to meet urgent needs.

American officers who have been studying conditions on the West front say they are wonderfully impressed with the British artillery which has made them more conscious than ever of the immense efforts the United States will have to make in that direction.

MEN WITHOUT TRAINING SOUGHT AS OFFICERS

Latest advices from the War Department regarding the new Officers' Training Camp, which is to be organized on August 27th, give special encouragement to men 25 years or over who have had no previous military experience.

The 40,000 men who are now completing their training in the first Officers' Training Camp represent most of those in the country who have had previous military experience and are not now in service. Previous military experience was one of the chief qualifications for this first camp and, consequently, eliminated a great number of promising young men who would have been glad of the opportunity to train for an officer's berth in the new national army.

These men are now given their chance. The War Department, in announcing its plans for the second camp, which opens August 27, emphasizes the fact that previous military experience is not a requirement. Even those men who have had such an experience six or seven years ago will have only a very slight preference. For it is pointed out that military methods since that time have undergone a radical change, that training gained at that time is no longer of special value. So the handicap to the untrained man has been removed.

It is pointed out, also, that the men who are particularly desired in this new camp are those of the age of twenty-five years and over. Although there has been considerable emphasis laid on the needs for men of more mature age, the War Department does not want to infer that the younger men are not welcome. In fact, quite the contrary is the case. For there are many very desirable commissions for which the younger and men more active, physically, can qualify more successfully than those of greater years, and this is being given full consideration.

The time for application in the second Officers' Training Camp closes on July 15th.

OLD TIME SPELLING REFORM

Centuries ago spelling reformers published whole works in the "rational spelling" and left an interested or uninterested public to take them or leave them, as witness the following, published in 1585: "Aesopz Fablez in tri Ortho-graphy with Grammar-notz. Heryuntoo ar al'so jooined the short sentencez of the wyz Cato imprinted with ly form and order; both of which Autorz are translated out of Latin into too English. By William Bullokar."

Those cold chills chasing up and down youthful spines will soon be eliminated. The fire of the trenches will warm them up.

The Advocate for printing.

PERSONALS

Mr. Joe Keller spent a few days at Crab Orchard Springs the past week.

Miss Opal Reames, of Delaware, O., is here visiting Miss Alpha Enoch.

Prof. and Mrs. M. J. Goodwin visited their son, Thomas, at Lebanon, the past week.

Mr. Ernest Baird and Miss Clarkie Roseberry visited relatives at Frenchburg last week.

Mr. Irwin Wood has returned to Youngstown, O., after a visit to his brother, Mr. S. O. Wood.

Mr. and Mrs. John Peggs have returned home after a visit to relatives at Jamestown, N. Y.

Mr. E. T. Lawrence, of Bluefield, W. Va., is visiting his parents, Mr. and Mrs. W. P. Lawrence.

Mrs. Charles M. Taylor, of Little Rock, Ark., is here to spend the summer with her sister, Mrs. John G. Winn.

Miss Carrie Lee Jones returned to her home in Lexington yesterday after a visit to Miss Cynthia Thompson.

Misses Emma Cooper and Nancy Clay are visiting Mrs. Clinton W. Hawkins and Miss Elise Chenault, at Versailles.

Mrs. Lawrence Butler, of Chicago, is here for a two weeks' visit to her brothers, Messrs. W. R. Maupin and D. R. Maupin.

Miss Genevieve Sewell is visiting her sisters in Ironton, O. She will visit friends in Huntington, W. Va., before returning home.

Miss Oma Denton, who has been visiting her mother, Mrs. J. K. Denton, has returned to Lexington, where she has a nice position.

Mr. Homer French, traveling representative of Liggett & Myers Tobacco Co., visited relatives and friends here the first of the week.

Mr. Bratton Sutton has returned to his home at Bradentown, Fla., after a visit of several weeks to his parents, Mr. and Mrs. W. A. Sutton.

Mrs. Gratton Woodson, of Middleboro, is here visiting her father, Mr. Geo. Blevins. Mr. Woodson spent the week-end here with his wife.

Mrs. C. W. Miller and little daughter, of Waynesville, N. C., and Miss Jane Clancy, of Shelbyville, are the guests of Mrs. Maggie King and family.

Miss Stella Stephens visited her room-mate, Miss Faith Smuggs, at Georgetown, from Thursday until Monday. Miss Smuggs will come Thursday to visit Miss Stephens.

Charlie Mason, who holds a responsible position with the Goodrich

Rubber Co., at Akron, O., was at home last week on a visit to the family of his father, Mr. R. A. Mason.

Mr. John Freeland and Miss Stella Stamper were delegates from the local league to the State Convention of the Senior Epworth League which was in session at Shelbyville last week.

Mr. Jack Cornelison, of Louisville, was a business visitor here the first of the week. Mr. Cornelison formerly lived here and has many old friends in Mt. Sterling, who were glad to see him.

Miss Carolyn Bourne, of this city, and Miss Judith Bourne, of Taylorsville, will leave Wednesday for a two weeks' visit at Hindman.

Rev. T. Benton Hill, of Virgilina, is here visiting friends and relatives.

The following young ladies were guests of Miss Bernice Moore for the dance last Thursday: Miss Anna Louise White, of Paris; Miss Sarah Crooks, of Owingsville, and Miss Lucile Huls, of Olympian Springs.

Mr. R. E. Punch, senior member of the clothing firm of Punch, Graves & Co., attended the meeting of the Retail Clothiers' Association, which convened in Lexington on last Tuesday and continued through Wednesday.

THE SICK

Mr. Rex Hall, who was recently operated on at Lexington, returned home Saturday and his many friends will be pleased to learn that he is getting along nicely.

Mr. Richard French, popular Assistant Postmaster, who sprained his ankle last week while getting out of an automobile, is able to be out, although still suffering a good deal.

BIRTHS

At Camargo, this county, on June 20, to the wife of Mr. F. D. Richardson, a son—Fred Shirley.

In this city, Friday, June 29, 1917, to the wife of Mr. W. W. Ginn, an eight-pound daughter—Maud Marie.

FOOD BILL PRACTICALLY AGREED ON

A mass of war legislation still confronts Congress, with three months of the special session over. The Senate has most of the work to do. Prohibition features of the Food Control Bill have been practically settled, but Herbert C. Hoover desires several changes in other sections of the measure. The War Tax Bill will go before the Senate this week.

DRUNKEN BOY KILLS MAN

Sherman Jewell, a prominent farmer of Clark county, was stabbed to death Sunday afternoon while riding in a buggy with three boys, by Thomas Alford, 18 years old. The boy was said to be under the influence of liquor. The tragedy occurred on the Mt. Sterling pike, near Winchester.

RELIGIOUS

Children's Day exercises will occupy the regular preaching hour at Fort Chapel Methodist church, at Camargo, on next Sunday, July 8th. Everybody invited.

In harmony with the call of the President, a patriotic program was presented by the Sunday school of the Christian church last Sunday morning. The church was beautifully decorated with flags together with pictures of George Washington and Woodrow Wilson. The program consisted of patriotic songs and readings by Miss Louise Hardy, Allen Prewitt, George Darsie and Dr. C. W. Harris. The attendance was large and the spirit of patriotism ran high. The morning offering of the school, amounting to more than forty dollars, was given to the Red Cross Society.

The first of the union meetings of the Mt. Sterling churches during the summer months was held last Sunday night in the Big Chautauqua tent. A fine congregation of about six hundred people attended. The preacher of the evening was Dr. W. A. Gandfield, President of Center College, Danville, Ky., who delivered a splendid message which included a wonderful resume of history and a plea for the qualities of womanhood and manhood which alone can make America great and of lasting power. The whole service marked a most auspicious beginning for the union meetings which will be held each Sunday evening during the months of July and August.

Patriotic Service.

The patriotic service at the Presbyterian church Sunday was something of a novelty, as the children for the first time were spectators in place of actors. The decorations consisted solely of the National colors, and the display was very effective. The letter of President Wilson to pastors and superintendents was read, and Prof. Hopper read the deliverance of the general assembly of the Presbyterian church at its recent meeting in Dallas, Tex. "On the State of the Nation," outlining the duty of the church in this emergency and pledging its support to the President in holding the American people to the high idealism with which they entered this war, and in keeping the hearts of the people from hate and a spirit of revenge. Brief addresses reviewing their army experiences were made by Dr. Simrall and Messrs. O'Connell, Robinson, Carr and Marshall, and Chiles Bishop VanAntwerp recited "Old Glory," by James Whitcomb Riley. The offering was sent to the treasurer of the Board of Sabbath School Work, to be turned into the Red Cross fund. At 11 o'clock President Gandfield of Centre College, preached a splendid sermon from the text: "Righteousness Exalteth a Nation, But Sin is a Reproach to Any People."

RUSSIANS RESUME FIGHTING

Russian forces, assuming the aggressive, have stormed German positions on a front of eighteen and a half miles in Galicia, but according to the Berlin war report suffered heavy losses under the German fire and were compelled to retire. Gen. Haig's men are tightening their grip on the French coal town of Lens.

MOVE TO FARM

Mr. and Mrs. Anderson C. Bogie have moved to their farm on the Lulbegrad pike.

SOCIAL EVENTS

The opening ball at Oil Springs will be held this, Tuesday evening and a large crowd of local society people are expected to be in attendance. Music will be furnished by Garrett's Saxophone Quartette.

The Fourth of July dance to be given by Mr. and Mrs. Wm. Huls at Olympian Springs tomorrow evening is being anticipated by local society folk with much pleasure and it is expected a large crowd will attend this patriotic ball.

Mrs. Claude Duvaent entertained about thirty children at her home on Clay street last Wednesday afternoon in honor of the fourth anniversary of her son, James Kinaird. Interesting games were indulged in and delicious refreshments served.

The June dance given by the Sultans Club at Trimble's Hall last Thursday evening was a beautiful and enjoyable affair. Quite a number of guests were present to participate in the merriment. Music was furnished by Garrett's Saxophone Quartette.

Mrs. Josh Owings, Jr., delightfully entertained at bridge last Thursday afternoon at her home on the Owingsville pike, the affair being in honor of Mrs. A. Gerald Gates and Miss Clara E. Nelson. There were about twenty guests present and after playing a number of enjoyable games a most appetizing luncheon was served. The affair was a pretty compliment to the honor guests.

Mrs. J. W. Prewitt on June 20th delightfully entertained a number of the grandmothers of the city in honor of the birthday of her mother, Mrs. Enoch Bratton. The home was beautifully decorated and the

BUY YOUR DRUGS, BOOKS and TOILET ARTICLES from W. S. LLOYD

We issue coupons good for premiums. You save eight cents on every dollar.

guests spent a most delightful afternoon talking over the war of the present day as compared with the war of the sixties. Delicious refreshments were served and the guests departed loud in their praise of the hospitable hostess.

Miss Alexine and Mr. James W. Bigstaff entertained at their home on the Paris pike last Tuesday evening with a delightful dinner-dance.

A delicious six o'clock dinner was served after which the guests enjoyed dancing for several hours. The following were present and spent a most delightful evening: Misses Emily Lloyd, Edith Reis, Frances Samuels, Mattie J. Botts and Julia Rodman and Messrs. Stewart C. Sharp, J. Ross Jones, William Oldham, Ollie McClure, and Charles Oldham.

SLACKERS NOW WHINERS

Those valiant young Willies who defied the government and refused to register are now whining for mercy. They are awaking to the painful fact that the government was not bluffing, and that in refusing to register they signed their own jail sentences.

They find no sympathy from the rest of the people, and when they have completed their terms behind the bars, and are then taken by the nup of the neck and kicked into the trenches, loyal Americans will approve with a grin from ear to ear.

Commissioner's Sale

MONTGOMERY CIRCUIT COURT.

Thos. B. Rodman, Admr., et al.Plffs.
Vs.
Amelia HarrisDef'ts.

Notice of Sale in Equity.

By virtue of a judgment and order of sale of the Montgomery Circuit Court, rendered at the May Term, 1917, thereof, in the above cause, the undersigned will, on the

16th Day of July, 1917

at one o'clock, p. m., or thereabout, (being Court Day), proceed to offer for sale, at Public Auction, to the highest bidder, on a credit of six months, at the Court House door, in Mt. Sterling, Ky., the property mentioned in the judgment, to-wit:

A certain lot of land situated on the waters of Symmore creek in Montgomery county, Ky., about a mile and a half south of Jeffersonville, bounded on the north by the lands of Hurley Nickell and W. F. Stewart; on the east by W. F. Stewart; on the south by J. T. Richardson; and on the west by Walter Schubert, containing 25 acres, more or less, and being the same land which belonged to Dan Harris at the time of his death (see Montgomery County Court Clerk's office, Deed Book 46, Pages 576 and 636, and Deed Book 58, Page 124.)

Said sale will be made subject to the life right of occupancy of the said Dan Harris' widow, the defendant Amelia Harris; and will be sold as a whole as directed in the judgment.

The purchaser will be required to give bond, with approved security, for the payment of the purchase money, to have the force and effect of a Replevin Bond, bearing legal interest from the day of sale, according to law. Bidders will be prepared to comply with these terms. A lien will be retained on the land sold till all the purchase money is paid.

Bond payable to Wm. A. Samuels, Master Commissioner.

WM. A. SAMUELS,
52-3t Master Commissioner M. C. C.

ONE HUNDRED THOUSAND AIRPLANES

The government is to have 100,000 airplanes built and sent to France as quickly as they can be constructed. Our own men will pilot these planes.

Many a fair young life will be sacrificed in the clouds, but for every one who falls to his death the lives of a hundred will be saved in the trenches.

No saner or more far reaching plan was ever devised by our government than the sending of these 100,000 planes to the French front. With a hundred thousand, or fifty thousand, additional planes in the air the eyes of the German army will be blinded while ours will still have light.

The rest will be but a matter of time, strategy, and nerve.

For Sale.

One good Deering Binder. Also three registered Duroc Jersey boars, all \$25 each.

William G. Marshall, Mgr.,
50-4t Phone 625.

Sheriff's Sale

By virtue of an Execution No. 373, directed to me, which issued from the Clerk's office of the Montgomery Circuit Court, in favor of Mt. Sterling Garage, against J. Earl Rolph, etc., I, or one of my Deputies, will on

Monday, the 16th Day of July, 1917 between the hours of 1 o'clock p. m., and 2 o'clock p. m., at J. E. Rolph's barber shop in Mt. Sterling, Ky., expose to public sale, to the highest bidder, the following property, or so much thereof as may be necessary to satisfy Plaintiff's debt, interest and costs, to-wit: 4 barber chairs, 1 wall rack and glass, 1 electric fan, 1 lavatory, 1 stand table, 1 dressing glass, barber's sideboard, 1 bath tub, 1 gas heater and 30 gallon tank, towel case and towels, 1 iron safe, 10 chairs, 1 boot black stand and outfit, 1 gas heating stove, 1 water cooler, 1 clock, electric light and gas fixtures, 1 doz. cuspidors, 1 tonic case, 2 cup cases, 1 lot hair tonic, 1 lot shaving soap, 4 razors, 2 pairs scissors, 2 pairs clippers, 1 mug and brush, 1 lot bath towels, 3 large boxes powder, 1 commode.

Amount, debt, interest and costs to be made, \$1,062.32.

Levied on as the property of J. Earl Rolph.

TERMS—Sale will be made on a credit of three months; the purchaser to execute bond, with approved security, to have the force and effect of a Replevin Bond.

Witness my hand this 26th day of June, 1917.

HARRY F. HOWELL,
52-3t Sheriff Montgomery Co.

SHOULD ALLOW

ALL PUBLICITY

Lord Northcliffe, British High Commissioner to the United States, in an address to magazine editors and writers at a luncheon in New York, expressed the hope that the United States would not muddle the censorship as England did the first years of the war.

"America can and will do a tremendous part in this war, first, because she is fresh, and, second, because she undoubtedly will profit by the mistakes of the nations who have been fighting since August, 1914," said Lord Northcliffe. "What the war needs more than anything else is brains and speed."

"I trust that the United States will not make the censorship blunder that England made and which is just becoming an evil of the past. England was kept in the dark for nearly three years. The people were blinded by the fatuous optimism of soldiers and politicians who, while efficient in peace, were incompetent in war. The people were not permitted to know the truth, and when the truth finally emerged out of costly blunders and sacrifices they were loath to accept it."

"I hope that America may permit her newspaper and magazine writers to be absolutely frank about what is going on. It is as important for the nation to know the worst as it is for the nation to know the best. For one thing—and we found it out from actual experience—it is a great stimulus for the men fighting in the field to know that they are being written about at home and that the country they are fighting for knows precisely what they are doing."

"Every man with a pen in hand and a printing press nearby can do a patriotic service to his country by awakening his people to the fact that this war is just beginning and that every ounce of energy, that every revolution of America's vast industrial machine, and what is equally important, every gallon of gasoline, will be needed to bring the war to a successful end."

"It is only by an absolutely mobilization of man power and machine power that this war can be won. Industries that at this moment seem remote from mobilization for the war will sooner or later be called upon to do their part. In Europe, for example, one of the largest car-set factories is now turning out very delicate pieces of machinery needed in the construction of airplanes."

"The war which has proved the efficiency of motor transports to an almost incredible degree, will make a tremendous drain upon the automobile industry in your country. For one thing, the great bulk of automobile output will have to be concentrated on trucks. In the second

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, and we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, bitterness, constipation, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's, the original and genuine. E 79

Spend Your Money

with your home merchants. They help pay the taxes, keep up the schools, build roads, and make this a community worth while. You will find the advertising of the best ones in this paper.

place, the automobile factories will inevitably be commandeered for the manufacture of airplane parts and airplane construction generally.

"In the airplane lies one great hope of Allied victory. The war has taught that the airplane engine of spring may be almost useless for actual fighting by the next autumn, so rapid are the developments produced by the fierce competition of war."

"When America has got her full stride in the war, so surely she will get it, it will be found that there will be a tremendous demand for chauffeurs. England today has nearly a hundred thousand motor trucks in France, and is constantly sending more. Every one of these trucks must be manned by a trained driver. If skilled chauffeurs can be sent to operate your trucks it will be possible to release an equal number of men for the fighting lines."

"It will mean the end of joy-riding. England stopped this favorite outdoor sport a good while ago, and I am sure when America wakes up to the tremendous realization of what this war means she will do likewise."

"I have a strong conviction that with peace will come a close federation of the nations who are now fighting the great fight for freedom. You have only to look at the spectacle of what I might call the united nations of Great Britain today to see the effect that the war has upon the co-ordination of people and nations of widely conflicting temperaments and national structures."

"You see democratic Australia, a near Socialistic New Zealand, a vast country like India with its feudal princetains and other rulers; a free Canada and what is nothing less than the republic of South Africa, all pouring their blood and treasure out upon the battle fields of France, linked by a common feeling of empire and sustained by a common hope of liberation from the militarism that sought to dominate the world."

"A close federation of the nations now fighting the good fight will be the only insurance against the nutoecry that made this war possible and the horrors that the armies of the nutoernt perpetrated on innocent noncombatants. The world must be made free for democracy."

The luncheon was given by Ismae F. Marsson, who has just returned from the war.

ONE DOLLAR vs. FOUR DOLLARS

Fault finding and railing at Congress is not a pleasure to any editor. It is a nuisance—it leaves a nasty taste in the mouth. But there are times when railing is not only a virtue, but an absolute necessity if the people are to be protected from petty thieves and highway robber barons.

The retail price of potatoes is a fair illustration of the results of Congressional slacking.

Up in the potato districts of Wisconsin farmers are reported to be receiving a dollar a bushel for their output. In Chicago, only a comparatively few miles distant, the consumer is paying four dollars a bushel.

Who gets the three dollars?

If there was ever a time in the history of our country when the American people should rise up in their might and demand Congressional action that time is RIGHT NOW.

Robber food barons will suck the blood of the consumer just as long as Congress dallies and slacks and does nothing, and with a few notable exceptions the national law makers will do absolutely nothing until they are literally kicked to the point of performing their sworn duty. Speed up the kick!

At Last—A One-Adjustment Cream Separator

BEFORE you buy any cream separator, come in and look at the Primrose. One adjustment is all that is necessary to keep it in perfect operating condition at all times. This adjustment is a simple one for keeping the bowl at the correct height—an adjustment that you or your wife can safely make, whenever it's necessary. The adjustment is made from the outside of the separator by either raising or lowering the bearing containing the hardened steel point, upon which the spindle revolves. A slight turn with a screwdriver, perhaps once a year, does the work. The Primrose is a well-constructed, close-skimming, durable cream separator. It will make a saving of \$10.00 to \$15.00 per cow in your herd every year. It is made in four sizes to separate 350 to 850 pounds of milk per hour, or from about 40 to 98 gallons. Ask for a catalogue giving a complete description, or, come in and look over the Primrose yourself.

THE PEOPLE HAVE SPOKEN

The government asked a loan of the people of \$2,000,000,000 for war purposes. The people responded by promptly offering nearly \$3,000,000,000, and this tremendous sum was subscribed in all walks of life, from the millionaire down to the laboring man with nothing but his weekly pay from which to draw. Even young working girls and the little Boy Scouts dug down when Uncle Sam asked for help. It is significant that our first loan of the war is also the greatest loan in the history of the world, and fifty per cent. oversubscribed at that.

The Kaiser should worry.

AVIATORS ARE NEEDED
BADLY FOR U. S. CORPS

The Government wants aviators and needs them badly, the committee on public information announced in a summary of what already has been accomplished in preparation for the great air service program now being mapped out.

Eight hundred men are now enrolled in preliminary instruction schools, and influx continues at the rate of 200 a week. After August 25 the Government expects to graduate 200 students weekly into the advanced flying fields. It is expected that 1,408 men will be actually flying by September 8.

To maintain the present schools and many others to be established, thousands of men will be needed. The committee called attention to unfortunate rumors that the air service already is overcrowded.

"Instead of the aerial camps becoming swamped, as rumor had it," said the statement, "much less needful branches of patriotic effort were badly overdone by young men with

a desire to get in and do something for their country. Men between the desirable ages of 19 and 25 began volunteering in droves for the 'mosquito fleet' with the idea that, if they could not get the Germans from the air they could get a shot at a submarine lying in wait off Sandy Hook or outside Boston harbor. And as a result, the country still calls flying recruits.

Do Not Put It Off.

Procrastination is the thief of time. How many times have people put off insuring their tobacco from loss and damage from hail until it is too late. We are especially prepared to take care of your risk and at rates that are surprisingly low. Attend to this matter today.

PRESIDENT'S REPLY TO
MOTHER'S LETTER

The following correspondence between a West Virginia mother and President Wilson will be interesting reading to our readers:

The White House,
Washington, June 16, 1917.

My Dear Mrs. Meyer: Your letter of June 13th has warmed my heart. Your feeling about your sons is the feeling which I should think every mother in whom the true spirit of motherhood and of Americanism dwells would have, and I like to believe that it is true that the country is full of mothers of the same heroic and self-sacrificing sort. It quickens my pulse and strengthens my belief in the splendid capacity of this country to meet every crisis of this sort to receive such a message as you have been gracious and kind enough to send me, and I shall treasure it in my heart as a typical expression of devoted American womanhood.

Cordially and sincerely yours,
Woodrow Wilson.
Mrs. Louis Meyer,
R. F. D. No. 2,
Wheeling, W. Va.
Sherrard, June 13, 1917.

To the President of the United States:

Dear Sir: Perhaps you will think me presumptuous to write a letter to you, but we are all one thing—loyal Americans. I simply wish to let you know what one West Virginia woman has done for our country. I have sent two stalwart, strong, healthy boys to the front. Perhaps you have already met them. They are Fred and Louis Meyer, now in Washington, D. C., in Company D, Sixth Regiment, American (something). They enlisted 10 days ago at Columbus, O., as truck drivers and are to be put in the Ambulance Corps. They were at home to bid us good-bye before joining. While it hurt me very much to bid them good-bye, as I may never see them again, yet I know that our country needs them and I must not mind a few more pangs. Must I? They have both written a lot of letters and cards and sent me their pictures in uniform, of which I am justly proud. I inclose one to you of the brothers standing side by side to show you a type of West Virginia manhood. The stout one is Fred, 27 years old, weight 245 pounds, height 5 feet 11 inches. The tall one is Louis, 21 years old, weight 185 pounds, height 6 feet 1 1/2 inches. All I ask is that you return the picture after you are done with it, as I may never get another one.

Mr. Wilson, it makes me angry to hear some women talk. They say, "Oh, Mrs. Meyer, how can you stand it to see your big strong boys go away. It would kill me if mine would have to go," and so forth. I tell them that my boys are not cowards, that they volunteered as my father and brother did in the sixties, and that if such boys as mine did not go, who would go? The cripples, lame, or blind? Mine are perfect in health and mind, being clean, pure country boys. I have still another son who would enlist if I would give my consent. He is but 15 1/2 years old, but tall and strong. But his father is growing old and we need him to work the farm of 100 acres. If the war does not end soon, and he is needed badly. I must let him go, but just now I think I have done my share, don't you? We preach patriotism to our children at home and in the schools, and then when the country needs them, let them hide behind our backs (not I) and ask them to be exempt, as one of my neighbors did whose son was working away from home, but came home to help pop on the farm and fired the hired man to make room for the son, a large husky boy of 21, like my tall one. If you have the time, Mr. Wilson, and want to see a healthy man, go to Company D, Sixth Regiment, just arrived from Columbus, O., and ask for the brothers Fred and Louis Meyer, Ambulance Corps. And don't forget, please, to return my treasures (the pictures) and oblige.

And now one word more. I high-

ly approve of what you have done, namely, sending troops over the water to put down the rebellion and stop this war business, this slaughter of the innocents. I took my sons in my arms, asked God to bless them, told them to be true to their country and not forget their mother.

Mrs. Louis Meyer,
R. F. D. No. 2,
Wheeling, W. Va.

CAN END THE WAR BY RULING
AIR, SAYS ORVILLE WRIGHT

The Committee on Public Information has issued the following:

When Orville and Wilbur Wright built and flew the first man-carrying flying machine they believed they were making wars impossible. Now, with the greatest war in history at a deadlock because of the equality of aerial equipment, a great increase in the allied aerial forces is the one way to end it, Orville Wright asserts. In endorsing the program of the aircraft production board, Mr. Wright declares that "if the allies' armies are equipped with such a number of airplanes as to keep the enemy planes entirely back of the line, so that they are unable to direct gunfire or to observe the movement of the allied troops it will be possible to end the war."

"When my brother and I built and flew the first man-carrying machine," said Mr. Wright, "we thought that we were introducing into the world an invention which would make further wars practically impossible. Nevertheless, the world finds itself in the greatest war in history. Neither side has been able to win on account of the part the airplane has played. Both sides know exactly what the other is doing. The two sides are apparently nearly equal in aerial equipment, and unless present conditions can be changed the war will continue for years."

"However, if the allies' armies are equipped with such a number of airplanes as to keep the enemy planes entirely back of the line, so that they are unable to direct gunfire or to observe the movement of the allied troops—in other words, if the enemy's eyes can be put out—it will be possible to end the war. This is not taking into account what might be done by bombing German sources of munition supplies, such as Essen, which is only about 150 miles behind the fighting lines. But to end the war quickly and cheaply, the supremacy in the air must be so complete as to entirely blind the enemy."

"The program laid down by the aircraft production board, if carried out, will obtain this result. The business organization and manufacturing equipment of our country offer the facilities for carrying out this program, and I believe that by no other method can the war be ended with so little loss of life and property."

THE VALUE OF FRESH AIR

Fresh air is a recognized remedy for pneumonia and tuberculosis, and is known to be a preventative of disease generally. Badly constructed houses, which take into consideration no means for ventilation, being built to be closed as tightly as possible, are responsible for thousands of cases of tuberculosis both among the poor and the reasonably well-to-do. Building permits should provide that houses be so constructed that it would be possible for those who use them to breathe an abundance of fresh air. In tightly constructed houses this trouble is magnified as the number of occupants of a room increase, until the air is so foul that it not only becomes disease breeding but death dealing. Authorities say an individual requires 3,000 cubic feet of fresh air every hour, which makes the average sized room contain only a sufficient amount of pure air for one hour's use. With two or three occupying the room, it will be seen how quickly the air will become foul and unfit for breathing, unless it is ventilated so that a fresh supply is continually added. Don't be afraid to leave the windows open in every season of the year. Too much emphasis cannot be placed on this.

Willful Waste Brings Woeful Want

Don't spend as you go. Don't scatter your dollars. Plan to set aside a certain sum for the bank. None can tell when a business reverse, loss of position or siege of illness will overtake him. You'll find that in adversity your bank book is your best friend. We offer every banking facility. Call on us and we'll be glad to explain our system.

Mt Sterling National Bank

W. S. Lloyd, President C. B. Patterson, Cashier

especially since it is the custom of many to close all the openings of a room at night. Remember that fresh air is free and one good thing that you cannot get too much of, and use every means to flush your sleeping room with it. The State Tuberculosis Commission at Frankfort, will mail on request a treatise on fresh air and its absolute requirements in treating and preventing tuberculosis.

NATION-WIDE REGISTRATION OF WOMEN

The Council of National Defense authorizes the following:

Registration of women, which will tabulate every grade of service, trained and untrained, will begin within the next few days. The registration blanks are now being printed, at Government expense, the Council of National Defense having decided at a recent meeting upon a maximum expenditure of \$2,000 for that purpose.

The blanks will be in white and one other color to differentiate between trained and untrained service. The committee has made a thorough study of the methods used in the recent State registrations and gives its list of questions as the "latest word" in getting inside information concerning the working force of the women of this country. The woman registered will give her age, color, occupation, references, desire to work, time pledged for service, citizenship, education, persons dependent upon her, and her training, whether in agricultural, clerical, domestic, industrial, professional, relief, social-service work, or whether she has any knowledge or skill of possible value to the Government. The registration will also show whether she has any physical defects and the condition of her eyes, ears, and voice.

"When we have finished this registration," said Mrs. Joseph R. Lamar, of Georgia, member of the woman's committee of the Council of National Defense, "we will know definitely what each woman in the country will be best able to do to help with the national defense. Of course, we will not let the relief work, which is rather in the economic side, interfere with the work of the Red Cross."

Why Pay More?

The Smith-Form-A-Truck can be used in connection with a Ford chassis and the truck complete cost you but \$755, fully guaranteed to do everything claimed for it. Why pay a high price for a truck when this moderate priced one will answer every requirement? Let us figure with you on your requirements as we know we can save you money and give you complete satisfaction. 43-44 G. D. Sullivan & Son.

MT. STERLING, KY.

IN INTEREST OF

MIDLAND TRAIL

Messrs. Albert L. Terstegey, director and chairman of the road sign committee of the Louisville Automobile Club, and Eugene Stuart, secretary of that club, passed through Mt. Sterling Thursday morning on their way from Louisville to Ashland, covering the proposed route of the Midland Trail and on business connected with the section of that international highway which is in Kentucky. Their purpose in making the trip was threefold. They were requested by State Road Commissioner Wiley to do what they could in interesting every county along the route in inaugurating the patrol system of maintaining roads; to promote renewed enthusiasm in all sections to be traversed by the Midland Trail and ask that each county see that the telephone poles along the route of the Midland Trail in such counties be painted with the Midland Trail guide sign, namely an 18-inch band consisting of six-inch orange bands at top and bottom and six-inch black band through the center, and to ask that each county agree to pay into the home office of the Midland Trail Association a sum equal to \$1.00 per mile per year, which sum for Montgomery county would be about \$15. to be used for the exploitation and advertising necessary to turn tourist travel to the Midland Trail from other national highways and for the maintenance of the central headquarters.

One lot Ladies' Pumps, special \$2.45, Thursday, Friday and Saturday only. See window. Punch, Graves & Co.

AUTOS TO CARRY MILITARY DISPATCH ACROSS CONTINENT

Announcement has been made from the Headquarters of the National Midland Trail Association, at Grand Junction, Colo., that in about two weeks, a dispatch from the War Department addressed to the Commander of the Department of the Pacific, at Los Angeles, Cal., will be relayed by automobiles driven by volunteer drivers over the route of the Midland Trail between the two points. The message will necessarily have to pass through Mt. Sterling as this city is located on the great National highway. The exact date it will pass through this city will be announced later and much local interest is expected to be manifested.

Rooms for Rent.

Letter From Dr. F. A. Hall, M. D., D. C.

Dear Sir:

Your request for a comparison of my experience in the practice of medicine with that of Chiropractic, is received. In answer I will say:

In more than forty years, since I first began the study and practice of Medicine, I have compounded thousands of prescriptions of prominent physicians, especially through fourteen years in the drug business. I knew their patients well. Many of them were my personal friends and customers. During these years I saw the failures due to prescribing medicines in the doctor's earnest efforts to restore health, particularly in chronic diseases. I knew these friends and customers while they vainly hoped for the health that never came. Many times have I realized that medical practitioners of today, with all the advanced educational facilities of modern times, are traveling the blind road that I followed years ago, yet I then knew nothing better than the same fallacies they then practiced and similar ones since followed by the profession at large.

In my early day we made pills and extracts ourselves; composing our own prescriptions. We used to measure "so much of this" drug and "so much of that" drug on a powder paper from the tip of a spatula. All physicians did it like that in those days. In retrospect I marvel at the unfounded belief I then had in the supposed virtue in drugs. I am not saying that a good physic by drugs is poison; it is not. It only evacuates the bowels, eliminating an accumulation of refuse containing toxic poison, but that procedure "cures" no pathological disorder.

Nowadays the medical practitioner can carry pretty nearly the contents of an apotheca in his medicine case, because such firms as Eli Lilly & Co., Park Davis & Co. and John Weyeth, chemists (not medical doctors) compose and make up prescriptions for physicians into tablets and pellets and the up-to-date doctor uses them in his practice.

I cannot see where the "greater medical education" of today really has anything over the education of us "old timers"; only that the new way of dosing does not wear out gray matter of the physician so fast or is so nauseous to his patients. Under modern regime mortality is greater now than ever before and correct diagnosis is below 50 per cent. and that fact does not show much advantage in the boasted progress of medicine.

My heart's desire is that the men in medicine, who still believe in virtue in drugs and prescribe poisonous serums, toxins, vaccine virus, (a morbid product) may be awakened to the better way and that they will realize that when old time physicians prescribed dried load skins, charmed extracts of lifeless human bones, etc., they were as truly sincere in their belief in such things. Time proved there was no virtue in such so-called remedies. But is there any more virtue in a drug that is now given for but cannot overcome arterial sclerosis, or cardiac stenosis? Can drugs give nerve tonicity to prolated organs; reduce cardiac hypertrophy; or restore broken compensation? Is not his own inefficiency proven when a surgeon removes a floating kidney? Why cannot we all "wake up" to see the need of discovering the cause that produced these conditions and adjust that cause instead of studying out and applying treatment to the symptoms of the incoordinations? Calomel only poisons the liver, causing it to fight the calomel, and thus incite the secretions to action; it does not correct the cause of the hepatic congestion. Why not study the cause of disease from the inside of the body, instead of theorizing about such outside agents as bacteria?

Medicine knows no specific remedies for disease of any kind, while, on the other hand, chiropractic adjustments answer the heart's earnest desire for a specific for the cause of disease. Medication does not create metabolism in the kidneys. What efficacious power can there be in drugs when there is no life power in them? Acetate of potash only neutralizes the acid in urine, thus relieving the stinging pain on the mucous membrane of the urethra. The cause of this hyperacidity is not removed by the drug. Chiropractic adjusts the cause of bodily disorders and their symptoms disappear naturally.

The discovery of Chiropractic establishes the fact that there are mental impulses which travel through the nerves, similar to the electric impulses through electric wires. It has been the mission of the Palmers to formulate the science of Chiropractic into a well defined system of utilizing mental impulses in mastering all manner of bodily incoordinations. The principle of such utilization of natural force is in adjusting simply by hand the subluxated vertebrae to normal positions. This procedure permits uninterrupted transmission of life giving current from the brain—the human dynamo in man—to diseased organs and tissues.

It is wrong to remove a prolapsed kidney when mental impulses will restore tonicity to the suspensory tissues. Chiropractic teaches how to adjust misplaced vertebrae to normal positions, thus releasing impingement of spinal nerves affected by such subluxations. The primary functions are in this way restored and muscular tone returns. Medicines have no power to effect such restoration. The surgeon cuts out adenoids, but adjustment makes such operations altogether unnecessary. Medicines do not reduce thyroid gland hypertrophy. When a fibroid goitre confronts a physician he is helpless and resorts to the knife. Adjustment eliminates goitre without drugs or an operation. It is useless to say "Impossible!" Chiropractic results prove that it can be done.

I now realize that while a Medical physician I did but little good with medicine and I cannot see that up-to-date medical men are doing more. I see their habits of prescribing, their failures, and the mistakes some of them make. Before leaving off the practice of medicine, I tried to profit, and did profit by what I knew to be true. I had thought that medicines were the best help there was for the sick, as no doubt think many honest physicians. Nevertheless, I became disgusted with medicine, and I know other practitioners of a like frame of mind.

When Chiropractic was brought to my attention, I listened to seemingly extravagant statements relative to it, and I was offended because it reflected odium on the old, time-honored profession in which I no longer sincerely believed. In time it dawned on me, however, that Chiropractic patients who had, from a medical standpoint, been considered hopeless cases, such as those with rheumatism, diabetes, Bright's disease, infantile paralysis and many other maladies, were getting well, so I began to read up on Chiropractic. The more I read about it, the more I saw it to be the means of true salvation from the cause of disease. I read Chiropractic literature until I became enthusiastic. The more I grasped the principles of the science, and began talking of them to my friends, the more they were interested, as it appealed to their reason and good judgment. The way opened for me to take up the course of study at the Palmer School of Chiropractic, from where I graduated, just lately in the special professional course. While in this school I had, at times, as many as thirty patients under my care in the clinic. I made a specialty of "specific" or "major" work in adjusting, and I was astonished at the good results I obtained from such practice. I adjusted for a great variety of chronic diseases and a few acute cases. I was so surprised by the rapid recovery of some of my patients that many times I was inclined to think "It just happened so," although it never "just happened so" in my former practice. I keep on rejoicing, knowing that if I cannot assist all to health, that those whom I can help are indeed very many. To me one year of Chiropractic work seems better than would a thousand of my old heart-sick experiences as a drug physician. It seems to me that all physicians should not only be willing, but glad to help clean up the accumulated scientific rubbish in the formula of medical education, and practice, past and present, wrongly called "Higher medical education" and accept proven clinical facts of eradicating the cause of all diseases from the body. The law of average results is worth consideration as a basis of proof that adjustments are right.
